Library System

Established by agreement between two or more municipalities and/or school authorities as provided for under Section 13 of the *Libraries Act*, RSA 2000, Ch.L-11. A system is supported by local taxes and is governed by a board consisting of one member appointed by each participant, and additional members appointed in accordance with the *Libraries Regulation*. There are seven library system boards. Edmonton and Calgary are excluded from systems.

Municipal Library

Established by passage of a bylaw under Section 3 of the *Libraries Act*, RSA 2000, Ch.L-11. A municipal library is supported by municipal taxes and is governed by a board of not less than five and not more than ten members, all appointed by the council of the municipality. Not more than two members of council may be members of the Board. There are 230 municipal library boards, including those receiving service from library systems.

Community Library

Established, governed, and supported by an association of persons, whether incorporated or not, and authorized by the Minister, under Section 25 of the *Libraries Act*, RSA 2000, Ch.L-11, to provide library services to the public in a given area. It is governed by a board which is a corporation. There are 2 community library boards.

Notes

Information Sources

Data for this publication comes from the *Annual Report and Survey of Public Libraries* distributed to all library boards in the province. Financial data is derived from financial reports and audits provided by each board.

Financial Data

Because there is no standard reporting form and reports are not limited to operating costs, financial information may include debt charges, and transfers to and from other accounts. We have attempted to represent the information provided by each board as accurately as possible.

Direct payments are amounts reported by municipalities that either supplement or replace board expenditures in the areas noted. These arrangements are authorized by agreement between board or council.

Population per FTE staff

Boards with less than one FTE have had this calculation based on the equivalent of one FTE. This is due to the fact that many of these boards either use volunteer staff, are open very few hours or if they are in a school have an arrangement with the school to use its staff.

Cardholders Per Capita

Several of the small libraries serve people in surrounding rural areas with a population base greater than the village itself. In these libraries, the membership may be greater than the actual population of the village.

Definitions Of Terms

All Materials	Includes audio visual materials, toys, games and micro materials except for library catalogues.
Appropriation	Tax appropriation by municipality which appoints the library board and includes payments made directly by councils.
Area	Multiply by 10.76 to obtain square footage.
Averages	Average of all reporting libraries.
Bookstock	Includes paperbacks whether catalogued or not.
Circulation per Hour	Total circulation divided by sum of the weekly hours divided by 50 weeks.
FTE	Full-time equivalent in paid staff hours based on a minimum of 35 hours in the week.
Hours Open	Number of hours per week including all branch hours where applicable.
Operating Expenditure	Excludes debenture payments.
Totals	Total (data) of all reporting libraries.
